SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT

MEMORANDUM

DATE: May 15, 1990
TO: All Permit Processing Engineers
Permit Services Unit Personnel
FROM: William J. Dennison /s/ WJD
SUBJECT: Permit Wordings/Conditions

The Legal Division has advised the Engineering Division to avoid the use of the word “**must**” in the permit wordings/conditions. Instead, effective immediately, the word “**shall**” will be used to avoid any possible legal problems due to an interpretation difference.
